Real-world experience

- Internships offering real-world experience are available locally as well as through programs like the Chicago and Denver Urban semesters. Students have interned at AIG, Iowa State Bank or American State Bank in Orange City, the Export-Import Bank of the U.S. in Chicago, EY (Ernst & Young), and Sanford Health.
- 1-credit practicum experiences allow students to work or observe a career of interest for 25 hours. opportunities for students.
- Opportunities for students to network and get hands-on, real-world experience through business and investment clubs.
- Northwestern's new Center for Innovation & Leadership provides opportunities for students to be mentored by area leaders and to provide assistance to businesses and organizations.

Expert advisers

One of the largest departments on campus, the department includes professors with degrees from places like Rutgers and the University of Michigan, and their research expertise ranges from public finance to empirical microeconomics.

Unlimited career opportunities
