Total number of teacher preparation programs:

20

Program Requirements

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. (§205(a)(1)(C)(i))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Full-time equivalent faculty supervising clinical experience
- Adjunct faculty supervising clinical experience
- Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience
- Supervised clinical experience

THIS PAGE INCLUDES:

- >> <u>Undergraduate Requirements</u>
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

Undergraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

- 1. Are there initial teacher certification programs at the undergraduate level?
 - Yes
 - No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or <u>clear responses already entered</u>) then click save at the bottom of the page.

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Enrolled Student
- Program Completer

THIS PAGE INCLUDES:

>> Enrollment and Program Completers

Enrollment	and	Program	Comp	leters

Asian	1	0
Asian Black or African American	3	0

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	5	1
No Race/Ethnicity Reported	0	0

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2022-23.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2022-23

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

13.99	Education - Other Specify:	

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2022-23. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

No Yes

No teachers prepared in academic year 2022-23

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or <u>clear responses already entered</u>).

CIP Code	Academic Major	Number Prepared

SECTION I: PROGRAM INFORMATION

Program Assurances

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

THIS PAGE INCLUDES:	
>> Program Assurances	

Duagram Assurance

Yes No

Note:	This section is	preloaded	from the	prior year's	IPRC.
-------	-----------------	-----------	----------	--------------	-------

Program Assurances
Note: This section is preloaded from the prior year's IPRC.
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach based on past hiring and recruitment trends.
Yes No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
Yes No
Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.
Yes No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.
• Yes No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
• Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Advisory committee involvement in curriculum design, delivery, and regularly consulted on assessment reports and establishing data-driven decisions for programmatic improvement. All special educators have a major in elementary education or a secondary content area. Dual preparation allows special educators to leave the field and move to general education position. This allows them to integrate children with unique education needs into their general education classroom. It is a challenge to essentially double major, but it is good to have better prepared general educators as well. All general education students take at least one course in special education. All other methods classes integrate information about dealing with children and adults with exceptionalities. All methods classes include components for working with students who are learning English. All students must spend 25 hours working in diverse environments, many of which are spent with ELL populations, low incoming populations, and urban schools.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2022-23)
- >> Review Current Year's Goal (2023-24)
- >> Set Next Year's Goal (2024-25)

Report Progress on Last Year's Goal (2022-23)

1. Did your program prepare teachers in mathematics in 2022-23?

If no, leave remaining questions for 2022-23 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

Leverage our computer science endorsement by offering a math/computer science teaching major that will allow endorsement in both areas, hopefully increasing the number of students going into math education.

- 3. Did your program meet the goal?
 - Yes
 - No
- 4. Description of strategies used to achieve goal, if applicable:

We were not able to move a joint math/computer science teaching major through our institution's committees for approval last year.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We will try again this year. We still believe that a joint major will increase enrollment for both programs and will provide the schools in our area of rural lowa teachers with much-needed complementary endorsements.

6. Provide any additional comments, exceptions and explanations below:	
Review Current Year's Goal (2023-24)	
7. Is your program preparing teachers in mathematics in 2023-24? If no, leave the next question blank.	
YesNo	
8. Describe your goal.	
Leverage our computer science endorsement by offering a math/computer science teaching major that will allow endorsement in both areas, hopefully increasing the number of students going into math education.	

Set Next Year's Goal (2024-25)

9. Will your program prepare teachers in mathematics in 2024-25? If no, leave the next question blank.

10. Describe your goal.

Leverage our computer science endorsement by offering a math/computer science teaching major that will allow endorsement in both areas, hopefully increasing the number of students going into math education.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Report Progress on Last Year's Goal (2022-23)

1. Did your program prepare teachers in science in 2022-23?

If no, leave remaining questions for 2022-23 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

We would like to write a biology-chemistry teaching major and begin pursuing an all-sciences endorsement to strengthen the preparation of our program completers, meet the needs of area schools, and leverage our science program.

3. Did your program meet the goal?

Yes

No

4. Description of strategies used to achieve goal, if applicable:

More intentional conversation/open communication with the science departments.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

The science department is in not interested in prioritizing a new science/education endeavor. That said, they are also not opposed to it. The heavy-lifting will be primarily (perhaps exclusively) ours.

Review Current Year's Goal (2023-24)
7. Is your program preparing teachers in science in 2023-24? If no, leave the next question blank.

6. Provide any additional comments, exceptions and explanations below:

Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

$(\S205(a)(1) (A)(i), \S205(a)(1)(A)(ii), \S206(a))$

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2022-23)
- >> Review Current Year's Goal (2023-24)
- >> Set Next Year's Goal (2024-25)

Report Progress on Last Year's Goal (2022-23)

1. Did your program prepare teachers in special education in 2022-23?

If no, leave remaining questions for 2022-23 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

Onboarding our new special education professor and helping our director learn the rest of our program (especially in an accreditation year) will take the lion's share of our attention. We would like to maintain the 60 count of special educators graduated for the 2022-2023 school year.

- 3. Did your program meet the goal?
 - Yes
 - No

4. Description of strategies used to achieve goal, if applicable:

We successfully onboarded our new special education faculty member. We did not maintain our goal of graduating 60 special educators. Our hope is that by establishing our new stand-alone special education major, we'll be able to attract and produce more special education candidates and teachers next year.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Review Current Year's Goal (2023-24)
7. Is your program preparing teachers in special education in 2023-24? If no, leave the next question blank.
Yes No
8. Describe your goal.
With a new special education professor/director we are starting the conversation of offering a strat 3 specialization within a few years. In order to do so, we'll need to fact find the call for such a program given our institutional identity. A more immediate goal is to create a stand-alone special education major in the year 2023-2024 to be first offered in the year 2024-2025.
Set Next Year's Goal (2024-25)
9. Will your program prepare teachers in special education in 2024-25? If no, leave the next question blank.
Yes No
10. Describe your goal.
We have completed our goal of creating a stand-alone special education major. Next year we will address the scope & sequence of all undergraduate special education courses while also aligning them to InTASC and CEC standards as stated in our assessment plan.

6. Provide any additional comments, exceptions and explanations below:

Annual Goals: Instruction of Limited English Proficient Students

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (\$205(a)(1) (A)(i), \$205(a)(1)(A)(ii), \$206(a))

Report Progress on Last Year's Goal (2022-23)

1. Did your program prepare teachers in instruction of limited English proficient students in 2022-23?

If no, leave remaining questions for 2022-23 blank (or clear responses already entered).

- Yes
- No

2. Describe your goal.

Require an ELL practicum experience for all undergraduate education majors.

3. Did your program meet the goal?

- Yes
- _ No
- 4. Description of strategies used to achieve goal, if applicable:

We discussed requiring a reading endorsement of all elementary education majors. This would require reading in the content area for all undergraduates, a course that leverages a 5-hour ELL clinical placement.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Most of our students do complete a clinical placement in an ELL classroom, but we have not yet figured out a way to guarantee that, especially late-in-program where we would prefer it, in order to leverage tools and techniques learned in earlier theory and praxis.

Review Current Year's Goal (2023-24)
7. Is your program preparing teachers in instruction of limited English proficient students in 2023-24? If no, leave the next question blank. Yes No
8. Describe your goal. Require an ELL practicum experience for all undergraduate education majors. Have two full-time faculty licensed in TESL.

Set Next Year's Goal (2024-25) 9. Will your program prepare teachers in instruction of limited English proficient students in 2024-25? If no, leave the next question blank. • Yes No
9. Will your program prepare teachers in instruction of limited English proficient students in 2024-25? If no, leave the next question blank. Yes

6. Provide any additional comments, exceptions and explanations below:

SECTION III: PROGRAM PASS RATES

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Pass rate
- Scaled score
- Teacher credential assessment

CECTION	T) / 1 (C) 4 /	DEDECRIATIO
SECTION	IV: LOW-	PERFORMING

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. $(\S205(a)(1)(D), \S205(a)(1)(E))$

Note: This section is preloaded from the prior year's IPRC.

orming		

Low-P	erform	ing
		0

Yes

1. Is your teacher preparation program currently approved or accredited?
Yes No
If yes, please specify the organization(s) that approved or accredited your program:
✓ State CAEP
AAQEP
Other specify:
2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

SECTION V: USE OF TECHNOLOGY

Use of Technology

On this page, review the questions regarding your program's use of technology, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

TH	S PAGE INCLUDES:
>>	Use of Technology

Use of Technology

1.	Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates the	nat
	your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))	

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes

No

- b. use technology effectively to collect data to improve teaching and learning
 - Yes

No

- c. use technology effectively to manage data to improve teaching and learning
 - Yes

No

- d. use technology effectively to analyze data to improve teaching and learning
 - Yes

No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All teacher candidates take a course in instructional technology. They create google sites to facilitate online portfolios including screencasting and other video. Pedagogical use of technology is emphasized in all methods classes. Support is offered during student teaching and practicum experiences to best utilize the technology in area schools. All graduates are required to undergo an exit interview that includes an update of their online portfolio including artifacts meeting InTASC and proprietary standards as well as data collection and analysis.

SECTION VI: TEACHER TRAINING

Teacher Training

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year's IPRC.

HIS P	AGE	INCLI	UDES:

>> Teacher Training

Teacher Training

- 1. Provide a description of the activities that prepare general education teachers to:
 - a. Teach students with disabilities effectively

All candidates take at least one course in special education and one course in human relations. We continue to advise undergrads toward dual certification. All methods courses include lesson plans that require modifications for children with special needs, English language learners, and talented and gifted students. Our graduate program preparing teachers for endorsements in special education is growing. We recently added a stand alone major in special education to our traditional undergrad program.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities*Education Act.

All candidates have learned about IEP teams and the special and general educators' roles as part of an IEP team. All candidates earning special education endorsements have practice participating in a team meeting.

c. Effectively teach students who are limited English proficient.

All methods courses require consideration of ELL students in nlesson and unit planning. Most students receive clinical placements in settings that include ELL students--this will be more intentional going forward as we reframe our EDU247 course.

- 2. Does your program prepare special education teachers?
 - Yes
 - No

If yes, provide a description of the activities that prepare special education teachers to:

a. Teach students with disabilities effectively

All special education teaching candidates have a 30-credit endorsement at the undergraduate level and a 24 credit endorsement at the graduate level. All special education teaching candidates have at least one methods class and a student teaching experience in special education.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All teaching candidates endorsed in special education are required to write at least one IEP and participate in at least one team.

c. Effectively teach students who are limited English proficient.

All methods courses require consideration of ELL students in lesson and unit planning. All students receive at least one clinical placement in a diverse setting that includes ELL students. We are hoping to develop a way to require a clinical placement in an ELL classroom for all undergraduate education majors.

Contextual Information

On this page, review the contextual information about your program, and update as needed.
