

## A message from President Christy

Welcome to the Northwestern College family! Let me be one of the first to say how pleased I am that you chose to attend NWC.

I am eager for you to arrive on campus and begin this exciting journey. College is a time of exploring and growing intellectually, spiritually, and socially, and although I am admittedly biased, I think Northwestern is one of the best places to be during this important time in your life.

Academic excellence and the integration of faith, learning and living will be hallmarks of your Northwestern experience. Our faculty and staff are dedicated to our mission as a Christian academic community that engages students in courageous and faithful learning and living that empowers them to follow Christ and pursue God's redeeming work in the world.

My hope for you is this: At Northwestern you will discover and explore your gifts, talents, and passions so that you may use them, not only for your career, but also in lifelong service to God, humanity and creation.

We are blessed to have you here. I am confident you will be a valued and valuable member of the Northwestern community.

Sincerely,

Greg Christy

President

P.S. When you're in Zwemer Hall, please stop by my office—I would love to greet you personally!

## Bringing your computer to campus

Approximately 85 percent of our students bring their own computer to campus, and that percentage grows every year. Most students bring a laptop for convenience and portability. A laptop will give you the option of taking your computer to class or home during weekends or breaks. Northwestern offers wireless access in nearly all buildings, so a laptop is useful almost everywhere on campus.

Northwestern supports both Macs and PCs. While any computer purchased in the last five years should work on Northwestern's network, it's better to start with a newer computer. Not only are more recent models more likely to integrate well with the network, but-especially with laptops-three to four years is their typical lifespan. We recommend your PC has at least Windows 7, or if you have a Mac, OSX10.6 ("Snow Leopard") or newer.

Northwestern provides all students with Sophos anti-virus software free of charge. This is the only antivirus allowed and supported on campus. Please do not purchase other antivirus software such as Norton or McAfee, as it will need to be removed before Sophos can be installed. Sophos can be downloaded from **MyNWC**, available under "Campus Resources." Microsoft Office is installed on all campus computers but if you want to run it on your personal computer, you must purchase it from an authorized vendor.

For assistance contact the Computing Services Help Desk at 712-707-7333 or visit <https://helpdesk.nwciowa.edu> for more information.

## Christian Growth and Development

NWC offers opportunities for worship, mission service, justice involvement and discipleship to explore and deepen your Christian faith.

Approximately 400 students gather weekly in small groups to study the Bible, pray together, discuss issues of faith and encourage one another in their Christian lives. Students come from a variety of denominations and backgrounds to listen to God together and to learn from one another.

NWC offers many opportunities to explore and deepen your Christian faith. While each of us must connect with God personally, we also live and learn in community. College is a natural living and learning environment. Your time at Northwestern College is a prime opportunity to listen to God and grow in faith with friends!

## Chapel

Northwestern offers chapel services four or more times each week. Chapel is a time the campus community gathers in one place to experience a mini "Sabbath" during the academic day. Chapel provides a space where Northwestern's community can listen to God's call: to be children of God, aim for lifelong learning, discover a vocation in God's kingdom, learn about God's world and be encouraged.

### Attendance requirement

Students are expected to earn 45 chapel credits per semester. Chapel meets from 10:05 to 10:30 a.m. on Mondays, Wednesdays and Fridays (one credit each day), and from 11:05 to 11:55 a.m. on Tuesdays (two credits). Students who do not meet the expected chapel requirement will be suspended the following semester.

When you enter the chapel you will be given a chapel card. To receive chapel credit, fill in the card with your name and Northwestern ID number. When exiting the chapel, hand your card to the attendant at the door.

## Education for body and soul?

When you think of higher education, you probably think of educating your mind in a classroom, but here at Northwestern, we don't stop there! We believe education should be for and about all of you. To be equipped to live on your own and to be fully ready for whatever God calls you to, you need to know how to prevent injuries, deal with disappointments, recover from an illness and make stress work for you.

To help you do this, the Northwestern College Wellness Center is staffed with professionals to help you stay healthy—in body and mind. In addition to individual appointments for personal counseling and health care, we provide educational materials, facilitate support groups and host periodic speakers and awareness events. Education at NWC is for the whole person. Let us know how we can help!

## Welcome to an “Intercultural” Learning Community

Part of the NWC Vision for Learning states that students will “strive to love what God loves, valuing diverse people, cultures and ideas.” At Northwestern College we believe that *experience* with diverse people and cultures is the best way to cultivate such appreciation. The opportunity to study abroad is a unique college experience, and the Global Education Center offers numerous, diverse program options. Among NWC's most popular off-campus semesters are our programs in Romania and Oman and in the mile high city of Denver. Or, through partnerships with other institutions, you can study in over 28 other international and 5 domestic locations. Students with busy academic schedules can choose to travel the world on one of our faculty-led summer or winter programs.

We invite you to visit our website and to contact us with any questions you might have.

**Global Education Center**  
[www.nwciowa.edu/study-abroad](http://www.nwciowa.edu/study-abroad)

Our diverse world also comes to Northwestern College in all the members of our learning community who come from many different cultures – that includes you! Our students, faculty and staff come from about 25 different countries, about 35 different states, and all ethnic backgrounds. The cultural and personal differences that we bring are a gift, a huge spiritual and educational opportunity, but making the most of our diverse community isn't automatic, and it takes all of us. The Office of Intercultural Affairs seeks to bring students from

different cultures together. I-Club, La Mosaic, Gospel Choir, even Hispanic People of Northwestern (HPNW) are for everyone who wants to be involved. If you want to be a part of building this intercultural community, we look forward to meeting you.
